

HIGH PERFORMANCE BALLS! 10/2013

THE MOMENTUM SUPER SOLID

Momentum, Momentum, Momentum... we haven't lost our Momentum and you sure won't with the new Momentum Super Solid. This ball is geared for both pro and amateur and everyone in between. The track record of the Momentum series speaks for itself and you won't be disappointed with the 4th edition to this ball line. This ball finds its groove in medium to heavy oil with an unmistakable force ripping in the mid lane with a powerful finish in the backend. Get them while they last! And don't lose the Momentum!

Release Date

706C/A

The 706C/A is specifically designed to create the strong mid-lane and back end reaction bowlers desire. The factory finish will match up the best with medium to oily lanes and be ideal for those of average ball speed and revs rate. With the 706C//A, we've outsmarted the competition Again!

400A SPECIAL EDITION

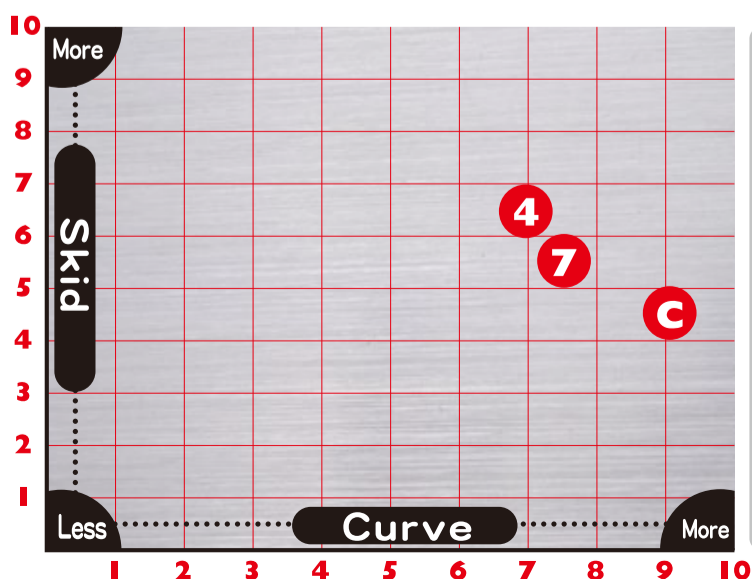

When we developed the 400A Special Edition, we wanted to create something truly special. There are several features about this new release that help make it unique. For starters, this marks the first time that Track has released a ball in the 400 series. We improved upon the performance and looks by using the highest grade resin available in our new Luxury MA cover. Finally, the eye catching White Diamond color scheme puts the 400A Special Edition in a class off its own.
