**THREE CHEERS !
FOR THREE YEARS !
FOR THREE TRIPLE CROWNS !
IN A ROW!!**

In honor and recognition of ABS pro staff bowler Mr. Shota Kawazoe capturing his third in a row triple crown, we have created the Track 408c Triple Crown commemorative ball. Just like Shota, the 408c Triple Crown is fully adaptable to almost any situation, for a wide range of bowlers. The 408c Triple Crown flows easily down the lane into a sharp hook in the backend producing serious pin action, with precision control.
