

ION POWER OIL REMOVER

《Intended Use》

- The ION POWER OIL REMOVER is a revolutionary bowling ball cleaner and restoring device. Using the ION POWER Liquid, the ION POWER OIL REMOVER circulates the solution and effectively pulls out oil from saturated bowling balls.

《Features》

- Only by soaking a bowling ball in ION POWER liquid at room temperature, oil is lifted out of saturated bowling balls in a very short time (about 20mins).
- Because the ION POWER OIL REMOVER uses only ION POWER Liquid without heating it, balls will not be damaged and there is no affect on plasticizers in bowling balls.

《Specifications》

1. Power : 100 volt 50-60 hz
2. Magnetic Recirculation Liquid Pump
3. 30 Minute timer, with flashing completion light
4. Convenient Drain for easy liquid waste removal
5. Dimensions : 350mm(W)/350mm(D)/480mm(H)

《Liquid》

ION POWER Liquid

※Clean up to 40-50 balls with 4 liters of Ion Power Liquid.
