

THE KINETIC HYBRID

Check out the latest exclusive Japanese release from Track ... The Kinetic Hybrid.

Look for some serious skid and firm grip in the backend.

The performance is proven with the Shuttle Core and the HP GEN 2 HYBRID REACTIVE coverstock, this time around we tweaked things by matching solids in a fusion of solid dark blue with red pearl. This combination pushes performance on all points of the lane.

- RG : 2.480 ● ΔRG : 0.040 ● Coverstock : HP GEN 2 HYBRID Reactive ● Core : Shuttle Core
- Weights : 10~16lbs ● Finish : #1000, 3000 Abrarin PHF Polish ● Color : NV / Red ● Hardness : 74~76°
